COLLABORATIVE CAPACITY BUILDING

NOVEMBER 1-3, 2026 | LEAD, SD
Sanford Underground Research Facility

Join higher education leaders, researchers, STEM and education faculty and partners from across South Dakota to **build connections, explore shared opportunities and turn ideas into action.**

EXPLORE OPPORTUNITIES AROUND:

- Collaborative Research & Grant Development
- AI in Research & Education
- Student Research & Workforce Pathways
- Shared Expertise & Resources
- Cross-Institution Partnerships

Featured speakers, facilitated discussions and interactive working sessions will help participants develop **new connections and actionable opportunities** that extend beyond the workshop.
